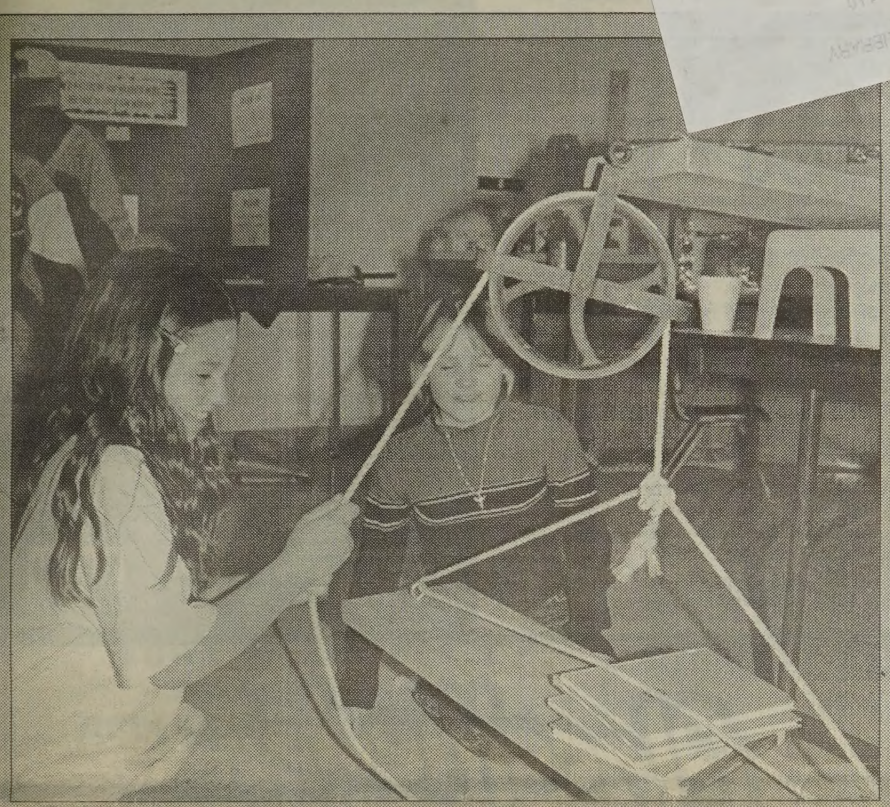
Chamber of Commerce meets Wednesday, 12:00 noon at the Empress



THE PULLEY PRINCIPLE was demonstrated to visitors by Grade 4 students Sarah Schade and Karly Shankowski with the assistance of some vintage equipment at the Elk Point Elmenntary School Science Fair last Monday evening.

Elk Point Elementary School welcomes the community

Elk Point Elementary School opened its doors to the community last week, as they celebrated their very own Local Education Week with a science fair, book fair, open house, drama evening and grandparents' tea bringing large numbers of visitors to the school.

Monday evening saw the school library overflowing with eager customers of all ages as the annual Book Fair got underway. As well as the wide selection of brand new books on offer, shelves and boxes of used books drew considerable attention from book lovers.

The annual Science Fair was also held Monday evening, with a total of 18 entries from students in grades three through six which covered topics ranging from space to buoyancy to electricity. Awards of excellence went to the top three entries in grade five and grade six. Scott Lindquist and Amy Millar, with an entry based on batteries and magnets, Brian Whiffen-Peters demonstrating buoyancy and Travis Lindquist having some "electrical fun," were the Grade 5 winners, while Jonathan Buryn, John Sparks and Stephen Kozina, with a space exploration display featuring a space shuttle, Lorne Blacklock and Robert Lawrence with a solar system theme, and Grayson Bilak, Kurt Kozicky and Darcy Ockerman were the Grade 6 winners.

Other Science Fair exhibitors were: Grade 3 - Craig Dallaire and Kody Wickham, Darelleen Dearden; Grade 4 - Samantha Armstrong and Bailey-Lynn Weir, Karly Shankowski and Sarah Schade, Darla Yaremevich and Catherine Campbell; Grade 5 - David Ramful, Devon Moneta and Corry Bezpalko, Meagan Dorey, Amie Patroch and Amy Olstad, Joshua Boyko and Curtis Proskiw, Garret Zarowny; Grade 6 - Kyrie Loughran, Kristin Campbell and Dana Tymofichuk, Brandi Yarmuch and Lenora Badger.

Classrooms and hallways featured a variety of springlike displays of interest to those touring the school. A rainbow of musical notes filled a wall near the music room, while bears picking berries were right across the hall. Groundhogs with their own story books, springtime pictures and rows of beaded native headdresses were among the other attractions, as were essays and artwork of all sorts. A pair of blossoming trees decked with Easter eggs flanked the stairs in the foyer, and the adjacent showcase bulged with bunnies.

The school's theme, "HOPE

The Trade Fair is finally here!

Elk Point's first Trade Fair in five years goes this weekend, and the organizing committee is excited over the response from local and outside businesses who have taken booths.

"There's something for everyone," according to Barb Croteau, who is part of the committee. A huge dinosaur invites the children to hop inside and jump around, while exhibits of all kinds await the adults. Entertainment, including a fashion show by some of the booth holders, will continue throughout the weekend. There's even a raffle of a golf club membership, donated by the Elk Point Golf and Country Club.

The Trade Fair, located in the A. G. Ross Arena, will be open to the public on Friday from 4:00 to 9:00 p.m., Saturday from 10:00 a.m. to 9:00 p.m., and Sunday from 10:00 a.m. to 4:00 p.m. A handsome door prize of a beautiful patio set valued at approximately $1000 will be drawn for at the conclusion of the show.

As with most events, volunteers are always needed to assist with last minute details. If you have some time to spare, call Barb at 724-3021, Carol at 724-2076 or Yvette at 724-4170, after 6 p.m.

Tobacco reduction effort starts here

A community-driven program to reduce the use of tobacco in Elk Point and district could result from a presentation by Debbie Hamilton of the Lakeland Regional Health Authority's tobacco reduction program, to the Elk Point Interagency Committee last week.

Ms Hamilton wants to get interested individuals, including parents and especially the parents of asthmatic children, involved in creating a "very non-threatening" vision of reduced tobacco use in the community. She cautioned that the initiative would not be a campaign against smokers, or create problems with retailers, but would instead put forth a positive message that would encourage smokers to give up the habit and young people not to start using tobacco.

> *"I'm sorry to say that tobacco use in Elk Point is pretty high among youths..."*
> – Debbie Hamilton, LRHA

"I'm sorry to say that tobacco use in Elk Point is pretty high among youths," she noted, adding that this included both smoking and the use of smokeless tobacco. However, she said, "we can't go in the schools and tell the students that smoking is bad. What we're saying is that it's unhealthy." Cessation programs for both students and adults are needed.

A number of suggestions for positive reinforcement for non-smoking were put forth, from an a community scholarship for a non-smoking youth to incentives such as tax breaks and lower insurance rates for those who don't use tobacco. Ultimately, a reduction could be made in health care insurance premiums for non-smokers.

The current province-wide campaign, supported by Action on Smoking and Health, the Alberta Lung Association, the Alberta Asthma Centre, Health Canada, participating regional health authorities and other partners, is urging Alberta residents to declare their homes smoke-free, that is, a home where no one ever smokes indoors, and where visitors are asked not to smoke. Entries are taken via a toll-free telephone line and through health

From the FCSS desk...

Christmas in April

By Deanna Easthope
FCSS Director

Spring is in the air — in fact, I do believe it is here. And with spring, all kinds of things are happening. We just finished celebrating Easter, so why am I thinking of Christmas in April?

Next week is Volunteer Appreciation Week. That is the week set aside where we can show appreciation to each other for all the volunteering we have all done to help make our community a nicer place to live in.

How did Volunteer Appreciation Week happen to be a time set aside in April? Well, it happened in April of 1973. The Park Center YWCA in Midland, Texas asked for volunteers to help repair seventeen run-down homes in the city. The effort was so successful that Midlanders made it an annual event. After volunteers had completed repairs on one home, the owner opened her front door and exclaimed, "It's just like Christmas in April." The name stuck.

"Christmas in April" has not only made hundreds of homes more livable in this West Texas oil town, but it helped bring the city together. Men and women, young and old, black, Hispanic, and white volunteers build community spirit as they scrape, caulk, plaster, paint, hammer, and roof together. Said one volunteer, "It's a blessing to us as well as to those we help. There's no better way to get to know someone than to sit up on a roof with him all day. One year, 398 gallons of paint, 600 pounds of nails, 224 squares of roofing materials, 60 doors, and $10,000 worth of lumber were used to repair 84 homes.

Midlanders have learned how to be both busy and productive by pulling together to help others. Also, in our community of Elk Point, we have seen volunteers at work as they pull together to help others. People donate their time and labor in many different ways, as well as giving and sharing what they have with people who need help.

For example, we have several people who are volunteering their time by helping fill out income tax forms for seniors and low income people. This is an appreciated community service. Thank you — all of you!

Another example is the volunteers who visit new people who move into Elk Point and present them with a welcome basket with information and other "goodies" from our community. A friendly, helpful welcome from the volunteers — John and Ann Robertson. Thank you.

There are other examples — but let me talk of these next week. Volunteers to me are happy people. After all, "The heart is the happiest when it beats for others." And yes, voluntarism at work can be perceived as "Christmas in April."

CALLING ALL VOLUNTEERS ...

TO A FUN FILLED EVENING WITH

"DOON WILKINS"

Wednesday, April 22, 1998

St. Vincent Community Centre - 7:30 - 8:30 pm

A one-hour humorous presentation titled, "If Life Is a Maze, Then You Are Amazing," will examine the value of humor in Volunteer Organizations and other strategies, techniques to enhance your environment.

There is no charge for this session. Pre-registration is required (due to limited space). Please call Betty at 645-1950 by April 20, 1998.

REFRESHMENTS WILL BE SERVED.

Proudly sponsored by the County of St. Paul No. 19 F.C.S.S., Wild Rose Foundation - Volunteer Alberta in support of our Community Volunteers.

Sunday, May 3 -- Community Choir Spring Concert

Nutrition notes

Keeping your blood pressure healthy

By Shelley Miller-Hertes, RD
Elk Point Health Centre

Everyone has blood pressure. Normal blood pressure helps keep us healthy. When the heart beats it pushes blood through the arteries and veins to all parts of the body. Blood pressure is the force (pressure) of the blood pushing against the walls of the blood vessels as it flows through them. Blood pressure may vary throughout the day. It is generally lowest at rest, but changes in response to activities, posture and emotions.

A blood pressure consists of two numbers. The first or higher number is the the systolic blood pressure. The second or lower pressure is the diastolic blood pressure. Normal blood pressure is 140/90 or less. A blood pressure which goes up and stays up above the normal range for a prolonged period of time is called **hypertension or high blood pressure.**

High blood pressure can damage the lining of the arteries and lead to "hardening of the arteries," called arteriosclerosis. This can result in stroke, heart attack, heart failure, peripheral vascular disease, kidney failure, and other circulation problems.

There are some lifestyle changes you can make to keep your blood pressure healthy:

(1) Achieve a healthy weight through a combination of physical activity and healthy eating.

(2) Limit alcohol intake to no more than two drinks a day (1 drink= 4 oz. of wine or 1 oz of liquor or 12 oz of beer).

(3) Stress — it may not directly affect your blood pressure, but it may affect your ability to make lifestyle changes.

It is recommended that blood pressure be checked every two years, even in healthy persons. You will need to have it taken more often if you have hypertension; check with your doctor.

You're Amazing!

Make a new friend today

A message from Alberta Health and its community partners

Human beings are by nature very sociable creatures. We enjoy each other's company. So, contact with family and friends is important on a regular basis, and not just when there's a problem.

An Alberta Health program called "You're Amazing" is reminding young parents — who may feel they don't have time for a social life — that it's healthy to maintain friendships and spend time with other people. Dinner parties might be out of the question. Who has the time or money? But there are other options. For example:

* Make it a priority to say in touch with your family.

* When there's no time to visit someone you care about, try picking up the phone or writing a note instead. (Some families are finding e-mail is great for spreading the family news).

you're amazing

A Partnership for Healthier Living

* Consciously develop connections with people you like and enjoy being with.

* If you're new in the community or are just looking to expand your social circle, get involved in an activity that allows you to meet people. You'll be welcome at a whole range of public events that take place in every community, large or small. Check the brochures and newsletters in your local public library or even the grocery store.

Calling a friend is keeping you healthy — **You're Amazing.**

For more information, call Alberta Health Communications at 310-0000, then dial 427-7164.

You're Amazing is a program to help young parents identify the healthy things they do right now and encourage them to find simple, new ways to improve their health and the well-being of those around them.

The way it was — a look back at the events of March 1988

Here we are with a look back at the news highlights of ten years ago. This is what happened in Elk Point and district in March, 1988.

March 2: Students in the town and County of St. Paul got an unexpected holiday as teachers went out on strike. Town Council agreed to order 500 pins commemorating the 50th anniversary of incorporation, and to construct two six-tier bleachers for use at Canada Day celebrations. The Historical Society invited the Library Board and the Recreation and Culture Board to join in the planning for a park with foot bridges, benches, picnic tables and trees to complement the historical mural.

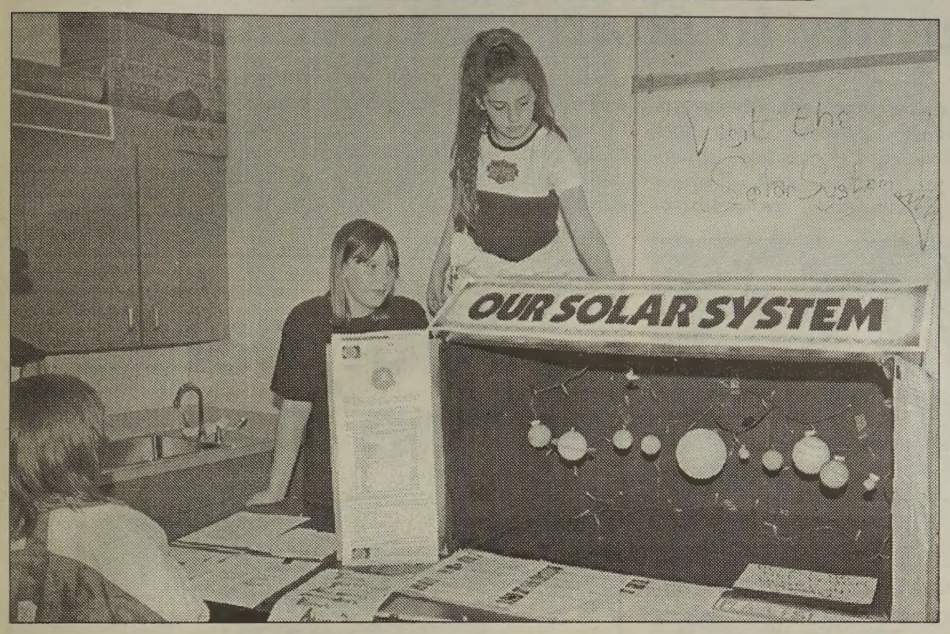
March 9: Westmin Resources announced that they would drill 30 new heavy oil wells in 1988, and up to 105 more in the next 5 years. Elk Point Windsor Midgets won the Zone 2 hockey championship. Elk Point Chamber of Commerce agreed to take over the Canada Day Pancake Breakfast from the group of merchants who had previously carried out the annual event. The Steve Penz rink defeated Ivan Courts in the Men's Open Bonspiel.

March 16: It was a whole new ball game for Elk Point's Rec Land, as two teams of Town Council members went to bat for their prepared ball diamond layouts, sending the meeting into extra innings. Plans for a riding arena and water slides at the rec land were out at first base, due to lack of space and funding. The Alchem rink won the Heavy Oil Grand Challenge at the fifth annual Oilmen's Bonspiel. A hoped-for expansion of the Pioneer Circle Hall made seniors gasp at the hefty price tag for such a project. Elena Drobot and Dale Pinder were the senior and junior winners at Elk Point 4-H Multi Club public speaking. Tenders were being sought for construction of camp sites, a boat launch, walking trails, washroom facilities and trailer dumping station at Whitney Lake.

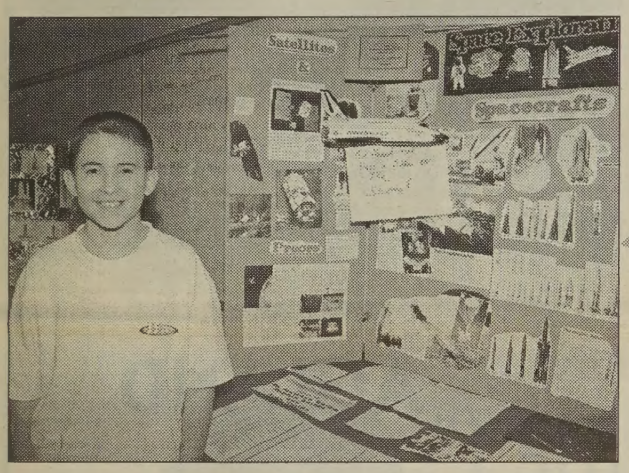
March 23: Provincial medalists Katharina Ludlage and Tobey Conrad drew a thundering ovation when they were introduced at the beginning of the annual Skating Carnival. Elk Point's teen drop in centre was officially opened by Mayor Byron Mann, who followed up the ribbon cutting by challenging the teens to a ping pong game. Spring fever hit the Chamber, who were three members short of a quorum for their second meeting of the month.

March 30: A huge dump of snow which closed highways and cancelled events fell on the final Sunday of the month, making the community look a lot more like Christmas than Palm Sunday. Disposal of Elk Point's industrial park property topped Council's agenda, with Ed Croteau visiting the meeting to discuss the possible purchase of a 1.48 acre parcel. The teachers' strike continued for a fifth week, with many students resorting to correspondence courses in an effort to keep up their studies.

Science Fair



SHOWING OFF OUR SOLAR SYSTEM -- Kryie Loughran, Kristin Campbell and Dana Tymofichuk combined their efforts for this handsome working model of the solar system, which was part of the Grade 6 display at the Science Fair.



SPACE EXPLORATION was the topic of this Award of Excellence winner, created by Jonathan Buryn (shown), John Sparks and Stephen Kozina for the Science Fair.

St. Paul Education Regional Division #1

STUDENT TRANSPORTATION AREAS

POLICY

St. Paul Education Regional Division No. 1 recognizes its responsibility to provide transportation for students in accordance with the intent of the policies of Alberta Education and in keeping with student needs at the local level.

While the Board accepts parents' right to choose the school their children shall attend, in a rural setting this right is not automatically extended to include transportation. In order to respect Alberta Education guidelines and maintain an efficient and effective transportation system, the Division must establish transportation areas. Students living within a particular transportation area will be provided with transportation to a school within their specified area.

GUIDELINES AND PROCEDURES

1. The Board shall develop and review on an annual basis transportation areas regulating transportation for students residing in a specified geographic region.

2. Transportation areas may overlap where appropriate and feasible as determined by the Board.

3. Parents and individuals purchasing new property are responsible for contacting Central Office to confirm their transportation area. Lack of knowledge of transportation areas shall not be an acceptable reason for cross-area transportation. Transportation areas are subject to change and one cannot assume that they will forever remain the same.

4. All cross transportation area requests shall be dealt with by the Board once per year after June 15 and prior to the start of the new school year.

5. All requests for transportation outside of an individual's transportation area must be received in writing as per the specified form by the Director of Facilities and Transportation no later than June 15 to be considered for the following school year.

6. All cross-area transportation approvals shall be for one school year only. Those wishing to have their transportation considered for an additional year must submit the necessary form and return it to the Director of Facilities and Transportation no later than June 15.

7. Parents who have registered at a school outside their transportation area and have not been approved for transportation are fully responsible to that school, but may receive on a year-to-year basis approval to drive their children to an existing pickup/drop-off point on a route to that school providing room is available on the bus and in school.

8. A transportation agreement must be in place with the sending / receiving jurisdiction prior to any student(s) being bused into or outside of the Regional Division.

9. Only one bus route will be sent per household or yard i.e. transportation will be provided to one school only. Exceptions may be granted by Board approval.

Approved: October 15, 1996.

Elk Point Elementary School welcomes the community to share achievements

(Continued from Front Page)

will lead us on" was part of the display as well, with H standing for harmony, O for opportunity, P for participation and E for enthusiasm.

Harmony, opportunity, participation and enthusiasm were very evident at both Wednesday evening's drama presentation and Friday's grandparents' tea, both of which attracted large and enthusiastic crowds to admire the spring projects created by the students. Grandparents visited their grandchildren's classrooms and met their teachers, as well as enjoying refreshments in the gymnasium, and were presented with envelopes of flower seeds as students and visitors headed home for the Easter holidays.

Drama students present three plays

IN SEARCH OF A HAPPY MAN -- The courier, the seer and the astrologer just find fellows who are sad and sadder.

BLONDES HAVE MORE TALENT? Maybe not all of them, but this lovely young lady certainly does, and catches the eye of the despairing talent scout.

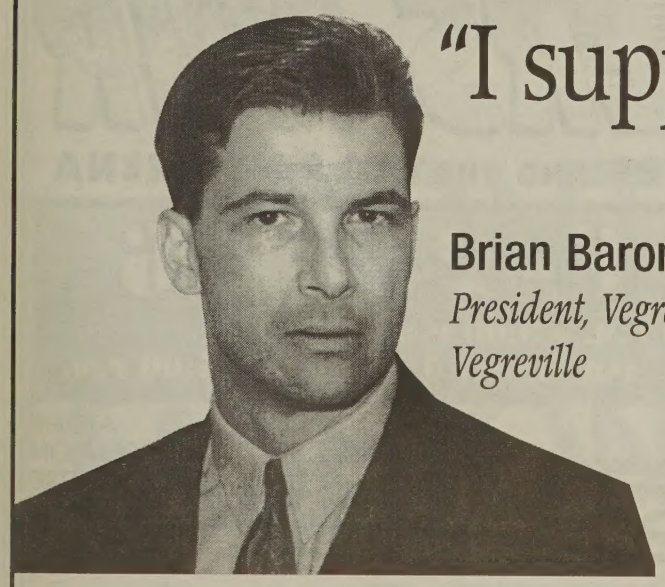
Mrs. Capjack-Hugo's Grade four to six after school drama students, with some help from Grade three, presented a trio of delightful plays for an enthusiastic audience last Wednesday evening at Elk Point Elementary School.

First on the program was "The Mrs. Savage," starring Dana Tymofichuk, Tanya Orr, Leanne Bjornstad, Bailey Weir, Melissa Breen and Courtinee Bintz. A young mother in need of a teaching job appeals to the haughty Mrs. Savage, who is on the school's board of directors. That lady doesn't think Mrs. Powell is worthy of the job, or even capable of raising children, until Erna the maid reminds Mrs. Savage that her own background is more than a little shady and could be exposed if Mrs. Powell doesn't get the job.

The Enchanted Shirt tells the tale of a discontented king, Jonathan Buryn, who is told by sage Karly Shankowski and astrologer Leanne Ference that he must sleep in the shirt of a happy man to be cured of his depression and the strange ailment that has him rhyming everything. Finding a happy man isn't easy, but the king takes up housecleaning and finds that he is the happy one. This play also starred Brett Hahn, Megan Proskiw, Adrian MacKinnon, Tyrell Bintz and Curtis Proskiw.

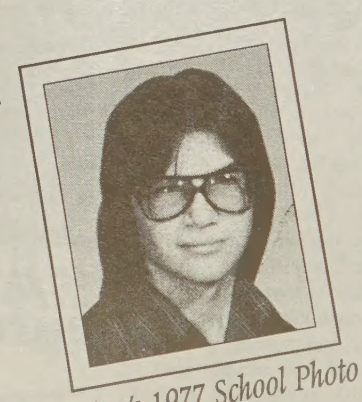
The Talent Search was an original play by Mrs. Capjack-Hugo, who has been directing the after-school thespians for the past ten years. An ad in the Elk Point Review drew lots of talented folks to audition before talent scout Mr. Smart (Grayson Bilak). Tap dancers with two left feet and two at a time, artists, singers, a librarian, a cook, a scriptwriter, an impersonator and even a figure skater came to tout their talents, but it wasn't until the very end that we found out what the scout was looking for — a blonde with the voice of an angel that he would have hired even if she couldn't sing. Stars were Sage Lowry, Stephen Kozina, Taryn Shankowski, Kyla Ference, Marci Ference, Stephanie Ference, Devon Moneta, Jan Kozicky, Corry Bezpalko, Courtinee Classen, Amy Olstad, Christina Moores, Catherine Campbell, Chelsea Schnurer, Michelle Marcoux, Lacey Desaulniers, Valerie Friesen, Meagan Friesen and Tamara Berland.

THE MRS. SAVAGE isn't about to take advice from anyone, let alone her committee members.



"I support Public Education."

Brian Baron
President, Vegreville Ford Mercury
Vegreville



Brian's 1977 School Photo

"In my business, I deal with people from all walks of life. Dealing successfully with those people demands a strong education...like the kind I received from our Public School system.

Today, public education is providing my three children with the math, science, English and communication skills they'll need to succeed in the workforce. Learning is, after all, a daily and lifelong process. By supporting public education, we're increasing our kids' opportunities for future success."

Talk to people in Vegreville about your support for Public Education!

The Alberta Teachers' Association

Public Education...enhancing Alberta's business advantage right here in North East Alberta.

In Alberta, Public Education refers to both public and separate schools.

Tobacco use reduction starts at the community level

(Continued from Front Page)
centres and health units, and draws for prizes including a smoke-free ocean cruise will be made. A number of Elk Point homes are already registered, as are over 900 homes throughout the Lakeland region. "This doesn't mean you can't smoke," Ms Hamilton said, "You just can't do it in the home."

Anyone interested in becoming involved in a local initiative to reduce tobacco use may contact Deanna Easthope at the Elk Point FCSS Department, 724-3800.

Interagency also saw the "final copy" of the updated crisis response directory, but before the meeting was even over, information was changed and more added. Committee members were given a week to look through the directory and note any additional changes before the books were reprinted.

Agency updates:

Elk Point Chamber of Commerce has finalized their new executive, with John Yettaw as president, Victor Stepa as vice-president, Vicki Brooker as secretary and Diane Balash as treasurer. The Chamber is currently planning their Community Prayer Breakfast for May 23.

Margaret Modin reported a very busy March at the **Seniors Recreation Centre**, with competitions in floor curling, cribbage, whist and shuffleboard. The Pioneer Circle celebrated their 25th anniversary. In addition to the seniors' wellness program, there is a new weekly exercise program with Jean Edwards, Elaine Zayonce and Yvonne Pankow as instructors.

Linette Newby, **County FCSS**, reported the Sig Taylor tour in early March was well attended. The County FCSS will take part in Elk Point's trade fair. Doon Wilkins will be the speaker at two events during Volunteer Week. Volunteers are ready and waiting to help seniors and low income residents with completing their income tax forms.

Wendy Grosseth-Hutton reported that **AADAC**'s list of new clients doubled during the month of March, with help sought for both substance abuse and gambling addiction. Lots of the referrals came from Elk Point, she noted.

Jim MacLellan, **Elk Point Baptist Church**, said their March 28 ladies' rally was well received. Good Friday and Easter services were scheduled, and on May 3, a missionary team going to Mexico will be giving a presentation at the service.

Paulette Phillips, **Elk Point United Church**, has services scheduled for both Parkview Extended Care and Heritage Lodge. The Parent and Tot group is growing and will continue until the summer break. The farmers' market is now open in the church hall each Friday. Monday, April 27 has been set for the church's annual Spring Dinner. The Thursday evening Lenten series is now complete, and after Easter, there will be a four week series on intimacy and communication.

Elk Point Health Centre reports that the LRHA is increasing mental health services, and now has a toll free, 24-hour help line at 1-888-255-3353, on a six month trial basis. The official opening is coming up for an assisted living unit in Lamont.

Isobel Myshaniuk reported that the **Adult Day Support** program at Parkview is ongoing, and has had two to three participants each day, half way to their limit of five. Community care hours are now 8:30 a.m. to 6:00 p.m., as evening medications are now being given by lodge staff.

Jim MacLellan also reported on the **Interagency Health Committee**, which is looking at an assisted living facility in Elk Point.

Deanna Easthope of **FCSS** reported that Elk Point's community channel is back in operation, that the Lend-a-Hand tax assistance program is ongoing, and that Canada Day plans are underway. The Community Choir's spring concert is Sunday, May 3, with a limited number of tickets available.

Canada Day will salute western heritage

Elk Point's 1998 Canada Day celebrations will salute Alberta's western heritage, taking a cue from the provincial designation of "Year of the Cowboy." The day will have a western theme, from the morning's pancake breakfast through the parade and the afternoon stage performance.

The parade will follow the same route as in previous years, and the Canada Day committee is attempting to book one of the Cold Lake military bands to lead it on its way. Popcorn the Clown has confirmed that he will be in attendance. Decorated bicycles will again be an important part of the parade, this year with ribbons for first, second and third place in each of two age categories, in addition to prizes for everyone.

The afternoon stage show will consist of a variety of entertainment, and the Christian Community Church will once again be on hand with their food trailer. A craft sale will be held in the arena during the afternoon as well.

A very exciting addition to the agenda is a mini-midway from Fund Quest Amusements of Fort Saskatchewan, which features family and kiddie rides, games with a prize every time, and a cotton candy concession.

Planning is ongoing, with other events such as a pre-Canada-Day gospel concert and an evening dance not yet confirmed. The committee is hoping more local groups will get involved and add their ideas to help make this Elk Point's most exciting Canada Day ever.

Sharing a Healthier Future with PARTICIPACTION

From the Sergeant's desk

By Sgt. Peter Sherstan
Elk Point RCMP Detachment

I am routinely approached by the local citizenry seeking clarification or insight into legal or quasi-legal issues that effect the community. In an attempt to keep everyone informed, I will routinely publish responses to recurring questions or concerns.

Q: Are there any laws about pedestrians walking in the rural areas?

R: One area of concern that is frequently voiced is that of people walking at night without proper consideration for their safety. Unfortunately, there is no law on common sense. The only requirement under the Highway Traffic Act is that a person walk on the left side of the road in a direction facing the oncoming traffic (this does NOT apply to bicycles that should always ride in the same direction as motor vehicles). Many complaints and reports of "near misses" have been received regarding people walking the "loop" around the elevator in the evenings or early mornings wearing dark colored clothing. It is always a good idea to wear bright or light colored clothing and/or a reflective strip (available at sport shops such as the Running Room in Edmonton). Carrying a flashing light will also increase your visibility and safety.

Parked Explorer vandalized

Elk Point RCMP are seeking the public's assistance in locating the person or persons responsible for over $1000 in damage done to a 1996 red Ford Explorer which was parked at the Elk Point Fairgrounds Arena on March 21, 1998, which was the night of the Bull-a-rama.

The owner of the vehicle was working at the Bull-a-rama that night and at the end of the evening he found his vehicle had been vandalized.

Elk Point RCMP are urging anyone with information to contact their office at 724-3964 or Crime Stoppers at 1-800-222-8477. You may be subject to a cash reward if the information received leads to a conviction.

COLORING CONTEST WINNERS -- Winners of the Easter Coloring Contest at Stedmans V & S were (left to right) Travis Lindquist, Yolanda Kinjerski and Chevy Botting, who all received plush bunnies as prizes. Congratulations!

EUB Alberta Energy and Utilities Board

640 Fifth Avenue SW Calgary, Alberta T2P 3G4

NOTICE FOR HEARING

APPLICATION NO. 1013709
COLD LAKE TO HARDISTY AREA
THICKSILVER PIPELINE PROJECT
IMPERIAL OIL RESOURCES LIMITED

Take Notice that the Alberta Energy and Utilities Board (EUB) will hold a public hearing of Application No. 1013709 at the offices of the Board, 640 - 5 Avenue SW, Calgary, Alberta, on Tuesday, 26 May 1998, at 9:00 a.m. All interveners to this proceeding must be present at the commencement of the hearing to register their appearance.

Nature of the Application

Imperial Oil Resources Limited (Imperial) proposes to construct and operate approximately 250 kilometres of a 914-millimetre outside diameter pipeline to transport blended bitumen from Imperial's existing bitumen production facilities located at Legal Subdivision 8, Section 5, Township 65, Range 3, West of the 4th Meridian, to an existing terminal facility at LSD 9-19-42-9 W4M. Imperial also proposes to construct, in the same right-of-way, a 324-millimetre pipeline to transport hydrocarbon liquids, from LSD 9-19-42-9 W4M, to LSD 8-5-65-3 W4M.

Further, Imperial proposes to construct and operate a 22 kilometre lateral of 323-millimetre and 457-millimetre outside diameter pipeline to transport crude oil from LSD 6-8-66-5 W4M, to LSD 8-5-65-3 W4M. This pipeline will provide Amoco Canada's Primrose and Wolf Lake production sites access to the ThickSilver pipeline.

In addition to the pipelines, Imperial proposes to construct related surface facilities associated with the ThickSilver Project which include two 15 900 m3 storage tanks and a 2316 kilowatt pump station at the existing facility in LSD 8-5-65-3 W4M.

Additional information

To obtain additional information or a copy of Application No. 1013709, contact:

Imperial Oil Resources Limited
237 - 4 Avenue SW
Calgary, Alberta T2P 0H6
Attention: E. Hoffman, telephone No. (403) 237-3612

For information about EUB procedures, contact:

Facilities Division, Application Group
Attention: Phyllis Derbyshire, telephone No. (403) 297-8305
Copies of the application are available for public viewing at the Calgary offices of the Board.

To File a Submission

If you have a bona fide objection and want to make a submission, please state in writing your reason for objecting to the application by no later than 8 May 1998. Send one copy of your submission to the applicant at the name and address above, and ten copies of the submission to the attention of:

Michael J. Bruni, EUB General Counsel
640 - 5 Avenue SW
Calgary, Alberta T2P 3G4

Notes

Any submission filed shall contain information detailing:

(i) the desired disposition of the application;
(ii) the facts substantiating the position of the submitter; and
(iii) the reasons why the submitter believes the Board should decide in the manner he advocates.

Submissions relating exclusively to compensation for land usage are not dealt with by the EUB or Alberta Environmental Protection, but may be referred to the Alberta Surface Rights Board.

ISSUED at Calgary, Alberta, on 6 April 1998.

Michael J. Bruni, General Counsel, Alberta Energy and Utilities Board

Senior High honor roll

Sharing a Healthier Future™ with PARTICIPACTION®

You are invited to help create a new direction for Tourism in Alberta.

Alberta Economic Development is meeting with tourism industry operators to discuss options for a new tourism marketing framework.

We're moving forward to ensure the future success of the industry by identifying the best way to provide marketing programs and support services. We want to hear from all not-for-profit, for-profit and government tourism operators on how we can best meet your needs.

You can participate in the following ways:

- By reviewing the Discussion Workbook and completing the Questionnaire
- By registering and participating in Regional Workshops

Packages containing the Discussion Workbook, Questionnaire and Registration Form have been distributed to Alberta's tourism industry operators.

Help us explore ideas and approaches for delivering tourism funding and support services by returning your completed Questionnaire in the postage-paid envelope by April 28, 1998.

Please join us at one of the following Regional Workshops:

- CALGARY ..... May 1, 1998
  TELUS Convention Centre
- LETHBRIDGE ..... May 2, 1998
  Lethbridge Community College
- RED DEER ..... May 4, 1998
  Red Deer College
- EDMONTON ..... May 5, 1998
  Shaw Convention Centre
- PEACE RIVER ..... May 6, 1998
  Peace Valley Inn
- FORT MCMURRAY ..... May 7, 1998
  MacKenzie Park Inn

Each workshop will be held from 9:00am to 3:30pm. Please register by Friday, April 24, 1998.

If you haven't received your package by April 17, or to register for a Workshop, please call Tracey Thompson at GPC Communications in Calgary at (403) 266-4710.

Sports

It must be spring, the Leafs are out

By Doug Bassett
Review Sports

This is strange. It's Sunday night ant the phone isn't ringing. No calls from Sonia, Pokey, Darrel, Dave, Dan, Pam, Brian, Jerry. No calls from Slim Ray, Sting Ray, or who wants to know? Big Ray. I should be on the typewriter hammering out the week's hockey report, but there isn't anything to report. What does this mean? Does this mean that hockey is officially over? My wife, Donna, says that I'm grouchy, but I think it's because I'm suffering from post-hockey-season syndrome. It happens every year. There is no known cure. I've tried everything, but it won't go away. Baseball season will help but it hasn't started yet. The only cure will come next October.

Until next season, I would like to thank all the coaches and managers who called every Sunday night to give me their report on the weekend's games. I enjoyed every minute of the season, and I know the fans did too. As Big Ray would say, "What happens is this..." "It must be spring because the Leafs are out." Well, let's hope that the Oilers can make it into the playoffs. Phoenix is in, that leaves the Hawks, Sharks and Oilers, three teams and only two spots left. The Hawks have not been out of the playoffs for a record 28 years.

Two Oilers games to go and the last one against my Leafs. I know one guy that's going to be there. This is a tough decision: Cheer for my number one team, the Leafs, who have no chance of making it into the playoffs, or cheer for the Oilers, who may need the win to put them into the playoffs. If I wear my Leafs jersey I may not get out of the Coliseum alive. Last year they shot a puck at me and the Leafs weren't even playing!

Golf Course now open for the season

One place that the Leafs are never out of place is at the Golf Course. This past weekend the Elk Point Golf and Country Club officially opened for the season. While the kids looked for Easter eggs on Easter Sunday, some guys were out looking for their golf balls. Golf: a game played by hitting a small ball, with clubs, into holes placed in a field. What's all the fuss about? It sounds simple enough. Not so?

But you don't have to be Mark O'Meara to enjoy golf. The Elk Point golf course now offers grass greens, which are in great shape after their second winter, and real grass on the fairways, not the old gravel pit that it once was, especially when we had dry years. Remember when the ball would go further if you used your putter than an iron on the fairway? It just kept going and going.

A place for exercise and relaxation, as long as you don't try to take the game too seriously. And if you do take it seriously, think of all the new words you can learn. I think that's why golf is a four letter word. Memberships are available for singles, couples, youths, juniors or corporate ticket books.

This year for all the sandbaggers who are getting ready for the Oilmen's tournament there will be the return of the Men's Night. Also planned is a women's night and a possible mixed night. And long before the Oilmen's tournament, many other tournaments are planned, the Men's, Ladies', Seniors', Juniors' and some Texas Scrambles. So head out there and check it out. The price is right and with the early start on the season, you will get more for your money.

So what's happening this week? On Friday, Saturday and Sunday at the A. G. Ross Arena is the trade fair with some 70 exhibitors. Be sure to come down and take this in. This has been a long time coming and some people have put a lot of work into making it happen. We would also like to take this opportunity to thank the Elk Point Volunteer Fire Department, like so many times before, for the great job they did last Monday night, washing down the arena ice surface to prepare for the Trade Show. This time the job was done in record time. Let's have a big hand for the boys!

Minor Hockey GM

Also tonight, Minor Hockey will hold a general meeting in the Horizon Room. On the agenda, a final financial report for the year, forecast for next season and selection for the Coach of the Year award. And on Saturday, April 18, the North East League will be having its final meeting of the year in Vermilion at noon. If you have any concerns, now's the time to voice them.

Until next week, if you have a story, or if you're suffering from post-hockey-season syndrome, and don't know what to do, give me a call. And keep the fan mail coming, I love reading this stuff. You guys are great!

Bensmiller second in Calgary tarp sale

Buddy Bensmiller of Dewberry has received the second highest price for his chuckwagon sponsorship at the 1998 Calgary Stampede tarp sale, selling to Copenhagen, Inc. for a cool $120,000. Bensmiller was the 1997 Stampede Aggregate winner.

Last year's Rangeland Derby $50,000 champion, Kelly Sutherland, sold his tarp for the highest price in the sale, going to Serval Corporation for $130,000. Thirty six tarps sold for an average of $51,916.66. Bert Croteau of Bonnyville sold his tarp to Reid's Welding Ltd. for $51,000. The Calgary Stampede goes July 3 to 12, with the Rangeland Derby at 8 p.m. each evening.

The tarp sale for the Edmonton Klondike Days wagon races goes April 23.

What's news at the library?

Spring cleaning? Bring back those overdue books!

By Michele Duczek
Librarian

Well, the Easter bunny has come and gone and now I'm left with a pile of colored egg shells and a chocolate hangover. I also have a strong desire to get my house (and the library) in order. One way to do this is to track down overdue library materials. For those of you out there who are a little remiss in returning borrowed items on time, this is fair warning: if you have overdues, you will be contacted. It is going to take me a couple of weeks to gather all the overdue information so you have until the end of the month to check every nook and cranny for that elusive library book (or video, magazine, cassette, etc.) you or someone in your family has forgotten., Hey, it could be a project for the kids out on spring break.

I'm also getting the urge to play in the dirt again, another sure sign of Spring.

Quite a few people in town have also begun to get the urge. Don't forget to check out our gardening section — we have received a couple of new titles over the winter.

New in nonfiction:

Cyber Law Canada: The Computer User's Legal Guide by Jeffrey M. Schelling tells you not only how to legally use the Internet, but how to protect yourself from unlawful users.

Wills for Alberta by Cheryl C. Gottselig explains in simple everyday language the whys and hows of making a will in Alberta and includes clear examples of the common will forms.

Employee/Employer Rights: A Guide for the Alberta Workforce by Deni Cashin lays out the rights and obligations of employees and employers in Alberta in such areas as hiring, firing, overtime and holiday pay, parental leave, and unions.

Anne Lindsay's New Light Cooking contains over 200 healthy and delicious recipes packed with nutrients, low in fat, but big on taste and easy to prepare.

J. L. Granatstein looks at the decline of young Canadians' knowledge and respect our own past in **Who Killed Canadian History?**

The latest Oprah Book Club Title:

When March Murray returns home after nearly twenty years away, she is forced to confront her past and the man she loved when she was younger in **Here on Earth** by Alice Hoffman.

Two new Franklin books by Paulette Burgeois and Brenda Clark:

Franklin's friends tell him their theories about thunderstorms to help him get over his fear in **Franklin and the Thunderstorm.**

When Franklin finds a camera in the park he isn't sure he wants to return such a treasure to its rightful owner in **Finders Keepers for Franklin.**

LIBRARY CALENDAR:

Fridays, 10:30 a.m. — Storytime. Everyone welcome.

Friday, May 1 — No Storytime. Michele (and the Editor) gone to Jasper.

Many Albertans gamble as a form of recreation. For a small minority, however, gambling becomes a problem. If you or someone you know is experiencing personal, social or financial problems as a result of their gambling, confidential help is available. Call 1-800-665-9676.

Teamwork is Great ... Until You Have to Work With Somebody

Doon Wilkins has been invited to present this afternoon session on Wednesday, April 22, 1998 from 1:00 to 3:30 pm at the County of St. Paul No. 19 F.C.S.S., Lower Level.

This session will examine nine essential components of effective work teams and offers the organization an opportunity for self-examination, reflection and planning for effective team work.

Doon will certainly add a touch of humor to this presentation for a rewarding afternoon.

We are charging $10.00/person, pre-registration is required by April 17, 1998, so please contact Betty at 645-1950.

This session is sponsored by the County of St. Paul No. 19 F.C.S.S.

Many Thanks
to the
ELK POINT VOLUNTEER FIRE DEPARTMENT
for their prompt action at our recent house fire.

Fax: 403-248-1001.

REPORTER/PHOTOGRAPHER required for The Paper - a thriving weekly newspaper in Brooks. Are you a recent graduate of a journalism school, preferably with a focus on print media? Does your resume demonstrate some related experience including photography and a preference for sports? Can you show a commitment to small town communities and community groups? Will your references confirm how well you work with others and follow direction within tight deadlines? Will our interview validate your enthusiasm for your field and your seriousness about your career? Please submit resume and cover letter, including salary requirements to: Marilyn Bailey, HR Manager, The Paper, (a division of North Hill Publications), 278 - 19 St. NE, Calgary, AB, T2E 8P7. Fax: 403-248-1001.

NATURAL HEALING

NATURES WAY OF CURING AND PREVENTING DISEASES ACCORDING TO THE INDIANS

Dedicated to my grandmother who used this book second to the bible in raising her twelve children. This book contains a wealth of knowledge in the field of curing and healing pretty much any health situation naturally instead of synthetically. This book has remedies for things like cancer, bad vision, cholera, ulcers, tumors, gout, weak bowels, stiff joints and so much more that you will just have to see the book. I would like to share this knowledge with the world, that is why I am going to give out a free suncatcher made out of beautiful stained glass; these suncatchers sell for $14.95 or more out in the market place. So if you buy the book for $11.95 + $1.10 for G+H that would be like getting the book for free. If you are not 100% satisfied just send it back for a full refund. I hope that everyone enjoys this book and finds it as helpful a tool as we have. Thank you for taking the time to read this. Live long be healthy, be happy, obtain this important knowledge. Send money order to:
